

Benvollens Maluleke

129 St George Complex, Cnr George and Lever Road, Midrand, Noordwyk, 1687
0609007459 | Benvollens456@gmail.com

Professional Summary

Results-driven graduate with a BSc in Physical Science and Honours in Physics, currently pursuing a Masters in Mathematical Science at AIMS affiliated with University of the Western Cape. Expertise in data analysis and machine learning with a passion for interpreting data, identifying patterns, and providing actionable insights. Skilled in teamwork, impact analysis, and data visualization.

Education

- **Masters in Mathematical Sciences**, University of the Western Cape, 2024
 - **BSc Honours Physics**, University of Limpopo, 2023
 - **BSc Physical Science**, University of Limpopo, 2022
-

Skills

- Problem Solving
 - Programming Languages: Python, R
 - Machine Learning
 - SQL
 - Power BI
 - Data Analysis
 - Statistical Analysis
 - Microsoft Office
 - Communication Skills
-

Certifications

- Microsoft Excel Data Analysis, DataCamp, 2024
 - Power BI, DataCamp, 2024
 - SQL, DataCamp, 2024
 - Machine Learning with scikit-learn, DataCamp, 2024
 - African Scientific Communication, AIMS , 2024
-

Professional Experience

Lab Assistant, University of Limpopo, 2023

- Coordinated laboratory setup and equipment.
- Guided students in data collection, analysis, and interpretation.

- Upheld safety protocols and ensured compliance with laboratory standards.
-

Projects

- Used machine learning models to predict the specific heat capacity of inorganic materials.
-
